

The Anti-Vaxxer

*Music, lyrics: Henrik
Widegren*

Measles is back
Measles is the new black
It has gone viral
It has a revival
I met a man
He said it loud
I'm an antivaxxer
And I am proud
He said: You know, it's hot
To refuse the shot

He said:
Give me no injection
I want the real infection
My human right is
To get meningitis
I'm doing it for those of us
Who miss getting tetanus
Stop, stop, stop, stop, stop!
Give me no shot!
Give me no shot!

Big Pharma
Has a plan
The government controls
Every man
Chem trails
Are no joke
The moon landing
Was a hoax
Don't worry. Let it go
No one gets sick of polio

Give me no injection
I want the real infection
I think it rocks
To say that I have small pox
Don't waste your chances
Of cervical cancer
Say stop, stop, stop, stop,
stop!
Give me no shot!

Do what you feel
Tuberculosis no big deal
I went to school
And hepatitis is cool
Let's build a healthy nation
On antivaccination
Stop, stop, stop, stop, stop!
Give me no shot!
