

## DRG (Diagnosis Related Group)

*Music, lyrics: Henrik Widegren*

Monday morning  
I see the sun  
The sky is blue  
My blues are gone  
I dance to work  
I shine like gold  
Finally  
I'm in control  
I'm in command. I am an  
alligator  
I am your hospital  
administrator

DRG  
Is what makes me free  
It's healthcare ABC  
It's the master key  
DRG  
Is the only way  
To make doctors say:  
Okay

It's complicated  
Hard to understand  
So I always have  
The upper hand  
I have my doctors  
On a leash  
I'm in charge  
Capisce?  
Hippocrates oath is a byway  
It's my way or the highway

DRG  
Is what makes me free  
It's healthcare ABC  
It's the master key  
DRG  
Is my only chance  
To make doctors sing  
And dance

No, I don't make medical  
decisions  
These are financial incisions  
Doctor, do what you want, honey  
But then you can forget my  
money  
I am on the tower of power  
As long as I get my DRG shower

DRG  
DRG  
Is what makes me free  
It's healthcare ABC  
It's my reason to be  
DRG  
Is my heart and soul  
Budget rock and roll  
I am in control  
DRG  
I make money talk  
Rise, take up thy bed  
And walk
